

Dear Fellow Pioneers:

In just a few weeks, telecommunications pioneers from across the country will come together for the 22nd Annual Assembly. The Assembly provides the only opportunity for pioneer leaders from throughout the country to join together for education, fellowship and to celebrate their successes during the past year. This year's Assembly will be held May 18-20, 2012 in Charleston, South Carolina.

We are soliciting your support of this event. Sponsorship will provide your company with the following marketing advantages:

- Promotion of services and products to participants
- Provide increased name and logo recognition among telecommunications professionals
- Enhanced company image on a national level
- Opportunity to establish or maintain your company as a good corporate citizen; supportive of your employee's causes
- Recognition in our monthly Pioneer Connection Newsletter, quarterly Pioneer Magazine and on our web site www.nationalitpa.com

Please look over the enclosed sponsorship opportunities. Should you have any question, please contact me at the email address below or the ITPA Office Administrator, Kelly Greek at 912-408-4872 or e-mail itpa@telecom-pioneers.net. We also need items for Goody Bags. These items can be representative of your company or location. We anticipate filling 100 bags. We look forward to hearing from you soon.

Sincerely,

Ann Beck
